STUDENT COUNCIL

The Student Council has been an active organization this year. Members for 1952-1953 were:

President-Jack Shenkner; Vice-President-Dale Davis; Secretary-Treasurer-Janie Kirk; Reporter-Shirley Croskey; Seniors-Stanley Bowlin, Dale Davis, Johnny Horseman; Juniors-R. D. Burns, Patricia Cox, Shirley Croskey, Sophomores-Lill Cecil, Janie Kirk, Joe Fee; Freshmen-Sarah Porter, William Humes, Bruce Hull, Sponsor-Mr. Eskridge.

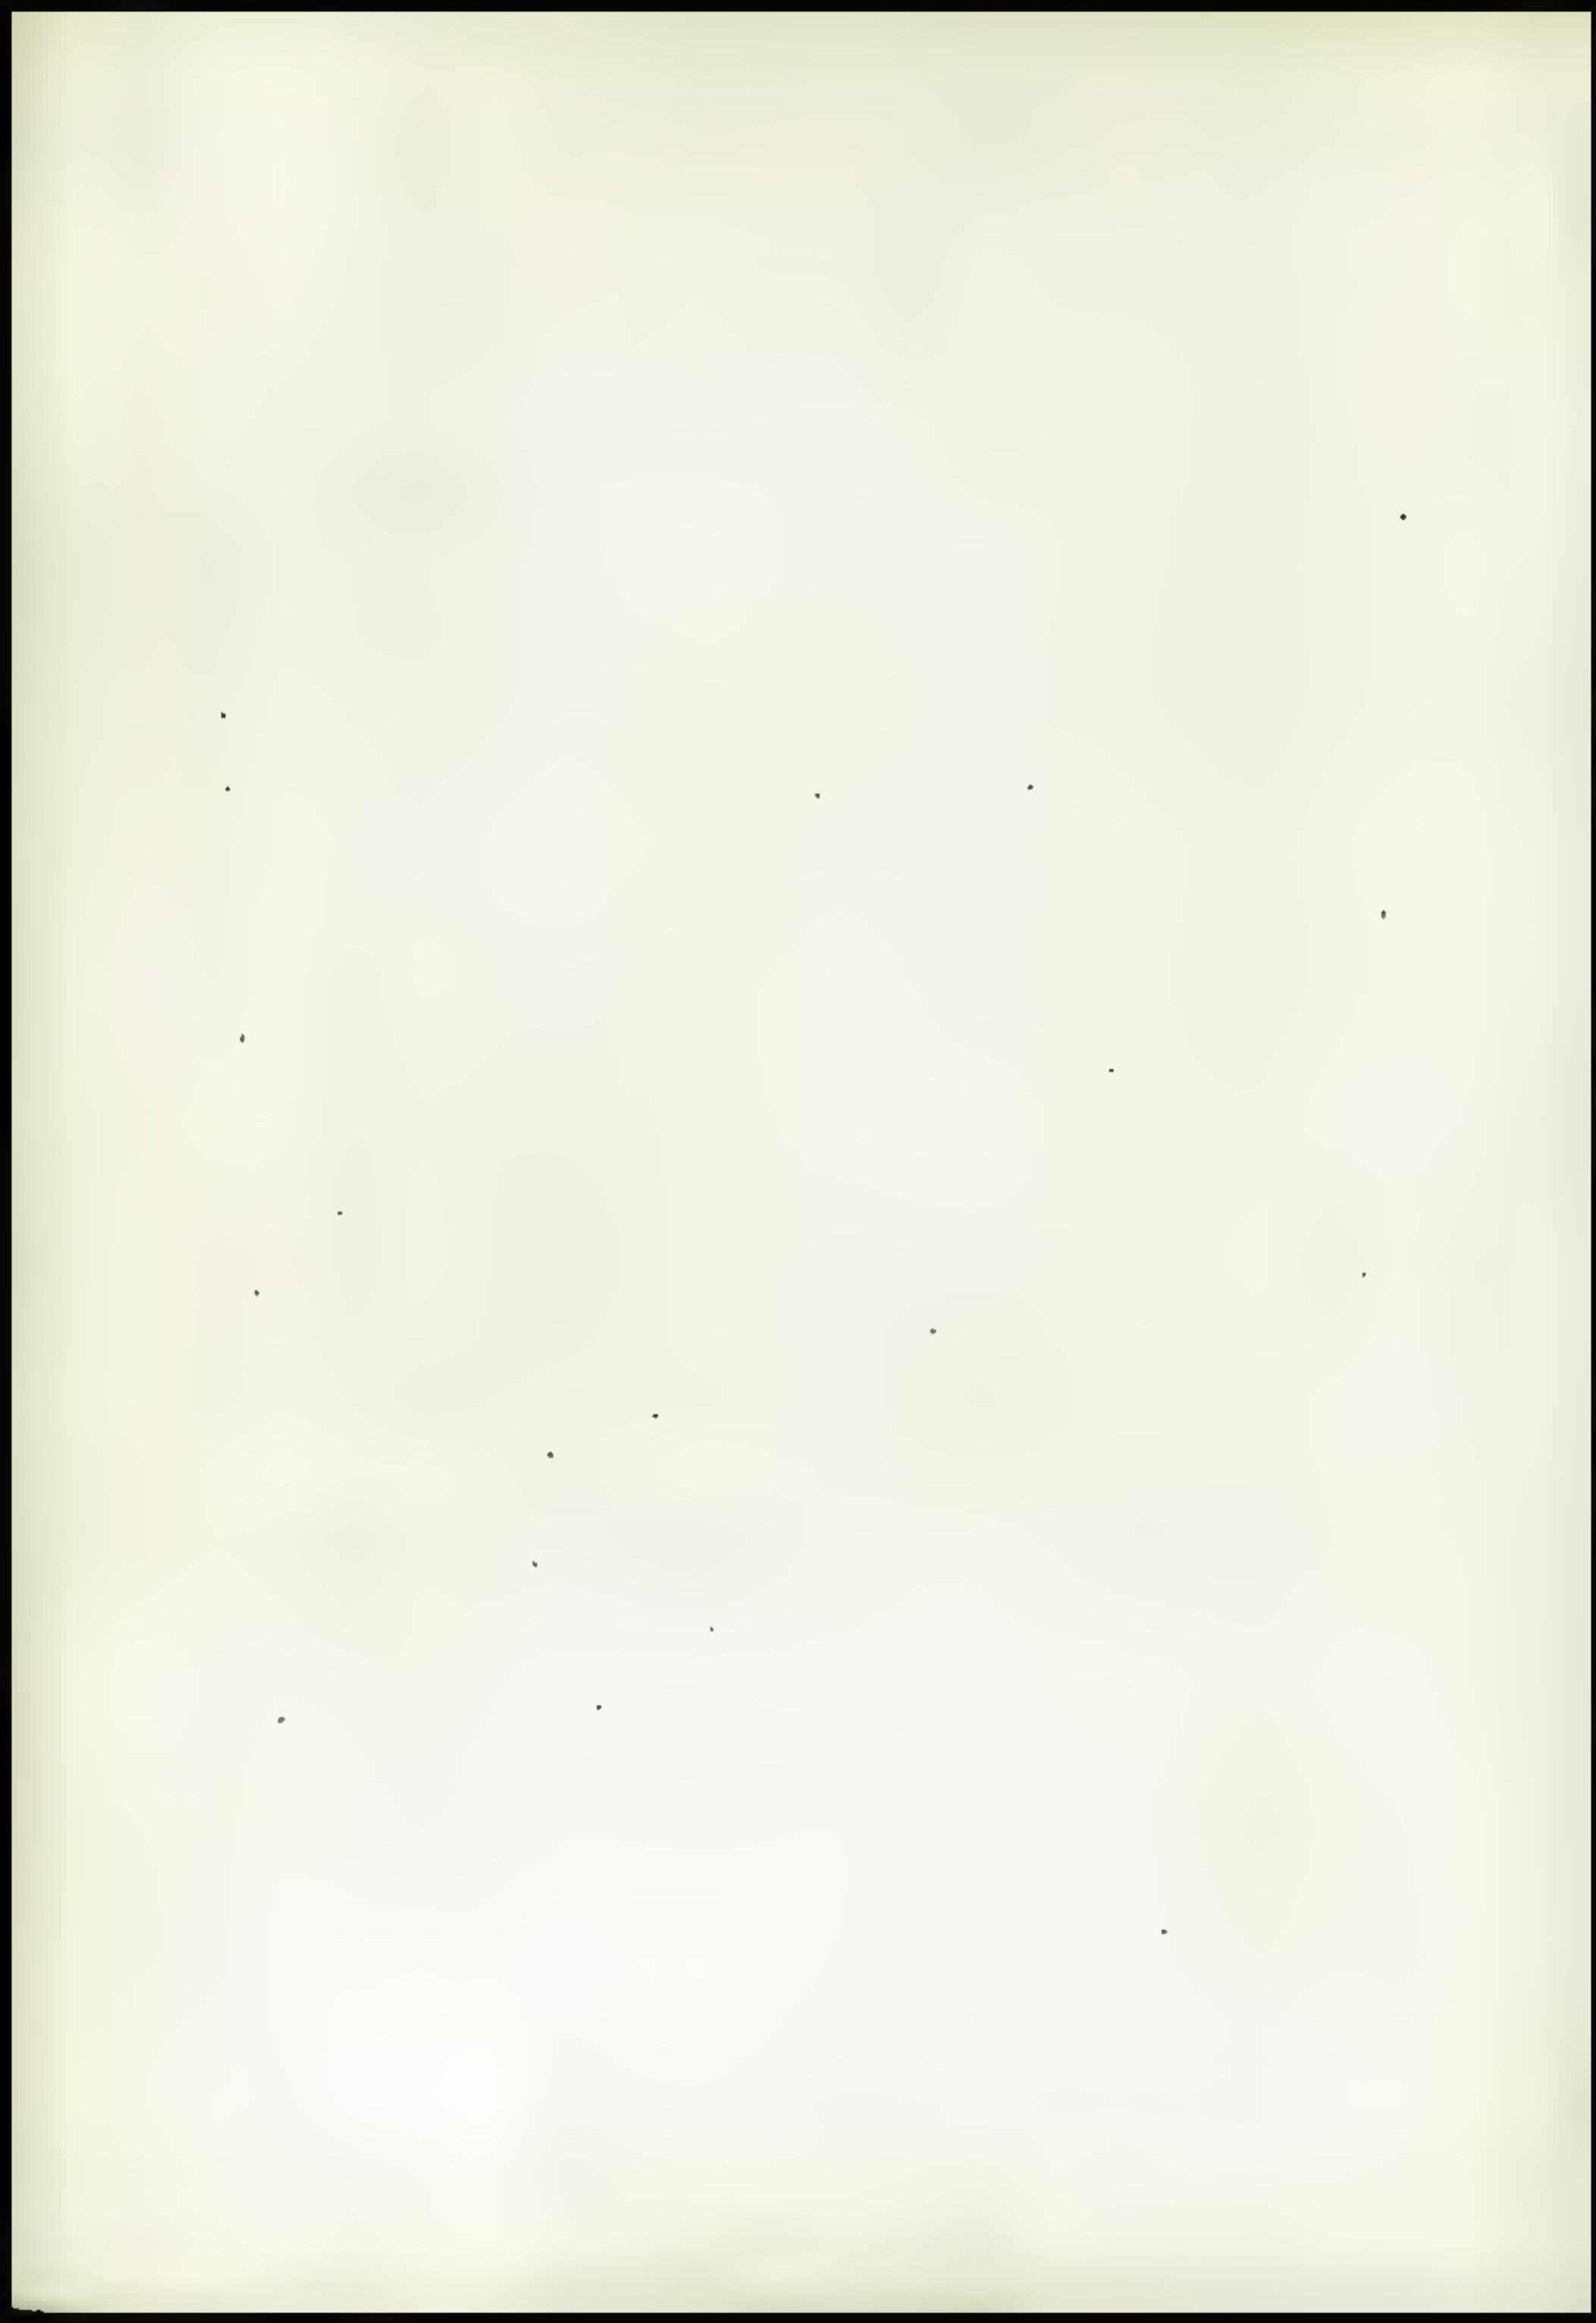

On the evening of January 17, and March 7, the Student Council sponsored square dances held in the high school auditorium.

The Council also sponsored basketball and volleyball games. Some of these games were in assembly while the others were played at noon hour.

In March, the Council also acted as hosts and mistresses to visiting schools when the music festival was given here.

Student Council also presented an assembly on Tuesday, April 28. The members of the council and the student body participated in the program. Each student had a ballot on which he wrote down the name of the character being portrayed on the stage by the Student Council member. A prize was given to the person who had the most correct answers.

The annual Student Council convention was held May 5. It was patterned after our political conventions. Each class had a nominating committee which presented their nominees to the chairman of their class conventions. The senior members were the chairmen of the nominating conventions and the final convention was presided over by the president, Jack Shenkner. Each class had six candidates for representatives, voted on only by the members of the class which they represent; three were elected in each class. On May 13, everyone voted on the president who had to be a member of the present Sophomore or Junior class. Senior council members of this year acted as judges and clerks at the general election for president of the Student Council.

CLASS PROPHESY

Looking into the future we see for the class of 53 a very mixed-up affair. We see Toss Schenckner as President of the C. P. Q. Railroad and making more money than the government. His brother, Jack Schenckner, is now running the Schenckner Chain of farms and is hailed as the greatest tobacco tycoon in the history of the country.

Alice Hill now resides in New York City as head of the New York City Public Library. Robert Humes is the world's new Olympic Champion of the Furballs. Shirley Dowdell is first lieutenant in the women's division of the army and is due for promotion to captain.

Dale Davis is the top mathematician of the country. Pushing Mr. Davis for top honors is Lucy Croskey who is teaching at Harvard. We find that Shirley Alexander has taken over as head of the Music Department at West Point and from what we hear she has recruited more band members than ever before in the school's history.

Richard Bramble is continuing studies at M. U. on his ability to throw the shot 25 feet. Lola Marcotte now resides in Alabama on one of the finest plantations in the world.

We want to remind everyone that when they visit Chicago to be sure and stop at Miss Lillian Dunn's beauty salon. Dunn Hall has taken over Dunn's Station and is getting to be a man of means. Norma Robinson is a manicurist in McCaughan's Beauty Salon. Her sister Willa is a noted opera singer of New York.

Betty Miller is studying to be a doctor at Purdue University. Don Hill is the top commercial artist for the Hallmark Cards Corporation. Elva Clarkley is head nurse at Mercy Hospital in Springfield, Illinois.

Douglas Petuchamp and Bill Brannum are hailed by the critics as the second Martin and Lewis, Brannum being Lewis because he can't sing. Edward Kisker is the head English teacher at one of the top colleges in the nation.

Kenneth Harrel, the noted engineer, has discovered a way to make a car run on water. (He says it is quite economical). Anna Cline is the nation's only lady jet flier, undoubtedly her name will be recorded in history along with the world's other great ladies. Mary Jo Jordan is working for the Bell Telephone Company in Kansas City. She says it is very enjoyable work.

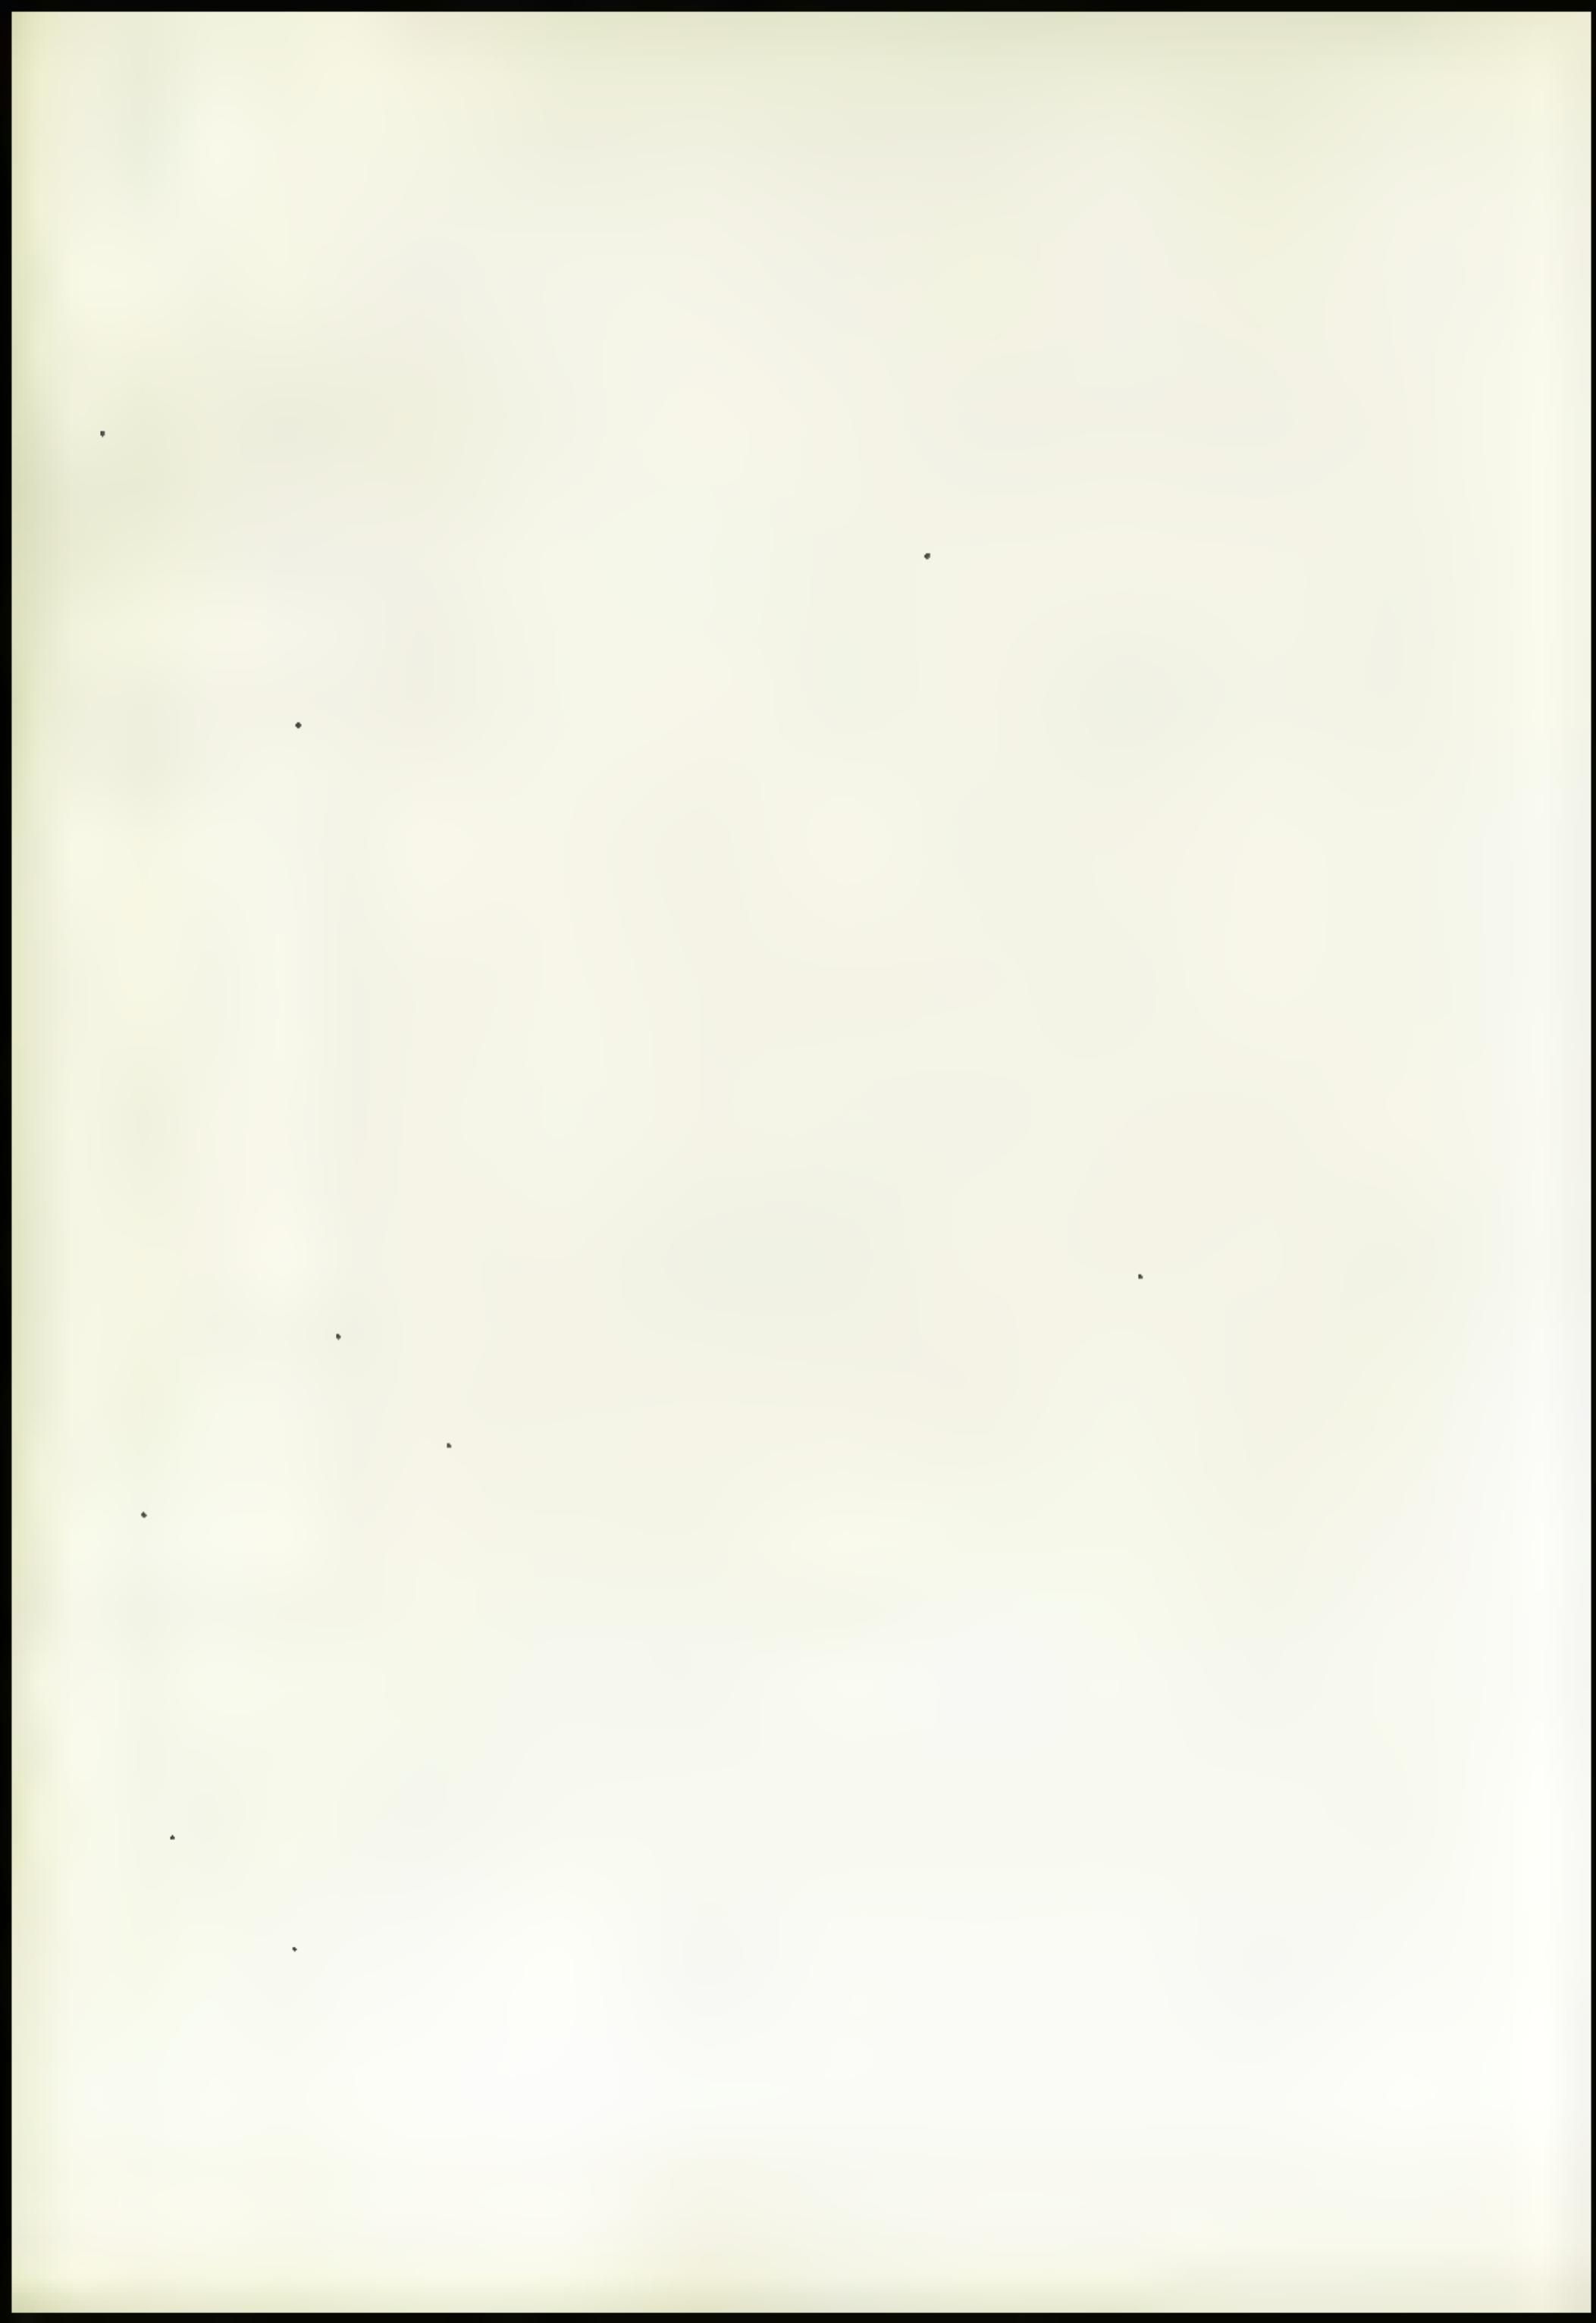

Caroline Flack is the top player on Volleyball. Her
team just won a triple round the world. Caroline is
one of the best in the country. She is from the United States on
her vacation. Caroline is the top player in the
Olympics. She is playing for the United States
team in the 2008 London olympics.

Carol Morris is the leading expert on how to get your hair done at a salon. Carol Morris is now over 50 years old. The Prairie City Commission will look into the licensing of Carol Morris; it is really the honorable commission of Prairie City, Missouri.

Believeable to the contrary will be taken for
all the small children in the world, and the
smaller the child the more it will be believed.

Jimie Johnson's career with the Indians is over. He is to
be present when the Indians play their first return
game this evening at the Franklin Field. (Inciden-
tally he is batting .314. S. (Look out Yankees.)

AN IRVING
TO DO
INTERVIEWED

An evening spent in Paris was the treat in store for the guests of the juniors at the Junior-Senior Banquet in the High school auditorium on May 1.

The gymnasium was now entirely transformed to carry out the theme, "April in Paris." Two wreaths entered the north door where they walked off the deck of the U.S.C. section. One section of the stage was covered with grass with "April in Paris" written out in flowers. The remaining sections were hidden from view by a false wall of blue paper. A bird bath decorated with tulips, lilacs, red tulips, Jonquils, and fox was placed near the entrance. A score of the U.S.C. Weston and Somers girls in Paris covered the stage. The stage was covered with quantities of different musical instruments.

The girls hurried to a sidewalk cafe in Fri. which was
decorated with pink and white flowers. They were seated under
a large umbrella. The girls there were served by Fat
Lulu, Small Lulu, Two Little Lulu, Small Willie, Renie
Snow, Two Lulu, Little Lulu, and Old Willie. The
white girls were all in pink, white, yellow, and blue
outfit. The others were typical girls, wire stockings,
and duc'ding black beret.

Fellowship, the new 150' long pier, the new illuminations and the Centenary of 1888, and Joyce Buckley gave the address.

Then the 5th column, representing the value of the
cell, was copied into the first column in Figure 8.
The formula was given by $\text{F} = \text{C} \cdot \text{B} + \text{D}$. Then the
data was copied into the first column of Table 2 and
the second column of Table 2 was copied.

Franklin's operation was conducted by two men who were
proficient. The men were identified as James Edwards, a rendered
by an ex-convict, and James C. Franklin, a Bostonian.

GIRL'S BASKETBALL

Winston Fluejays opened their basketball season on November 21, 1952, when the home team defeated Platte City. This year the girls had a new coach, Miss Turner, who really put the team through some exercises that at first made them somewhat stiff and sore. Frances Willey was the official score keeper and manager.

For this basketball season the team elected Jannie Johnson and Shirley Dowdell as co-captains.

This year the girl's team succeeded in winning five games and losing seven. In all the wins, the Lady Fluejays, the last one with Platte City was the most exciting one. Even though every girl played her best, Platte City triumphed with a score of 46-41. Girl's County Tournament was held at Park Hill, February 1-2. January 15, the team played North Platte and were defeated. On February 1, Fluejays played their own tournament. Girls team and Park Hill February 21 for consolation but were defeated.

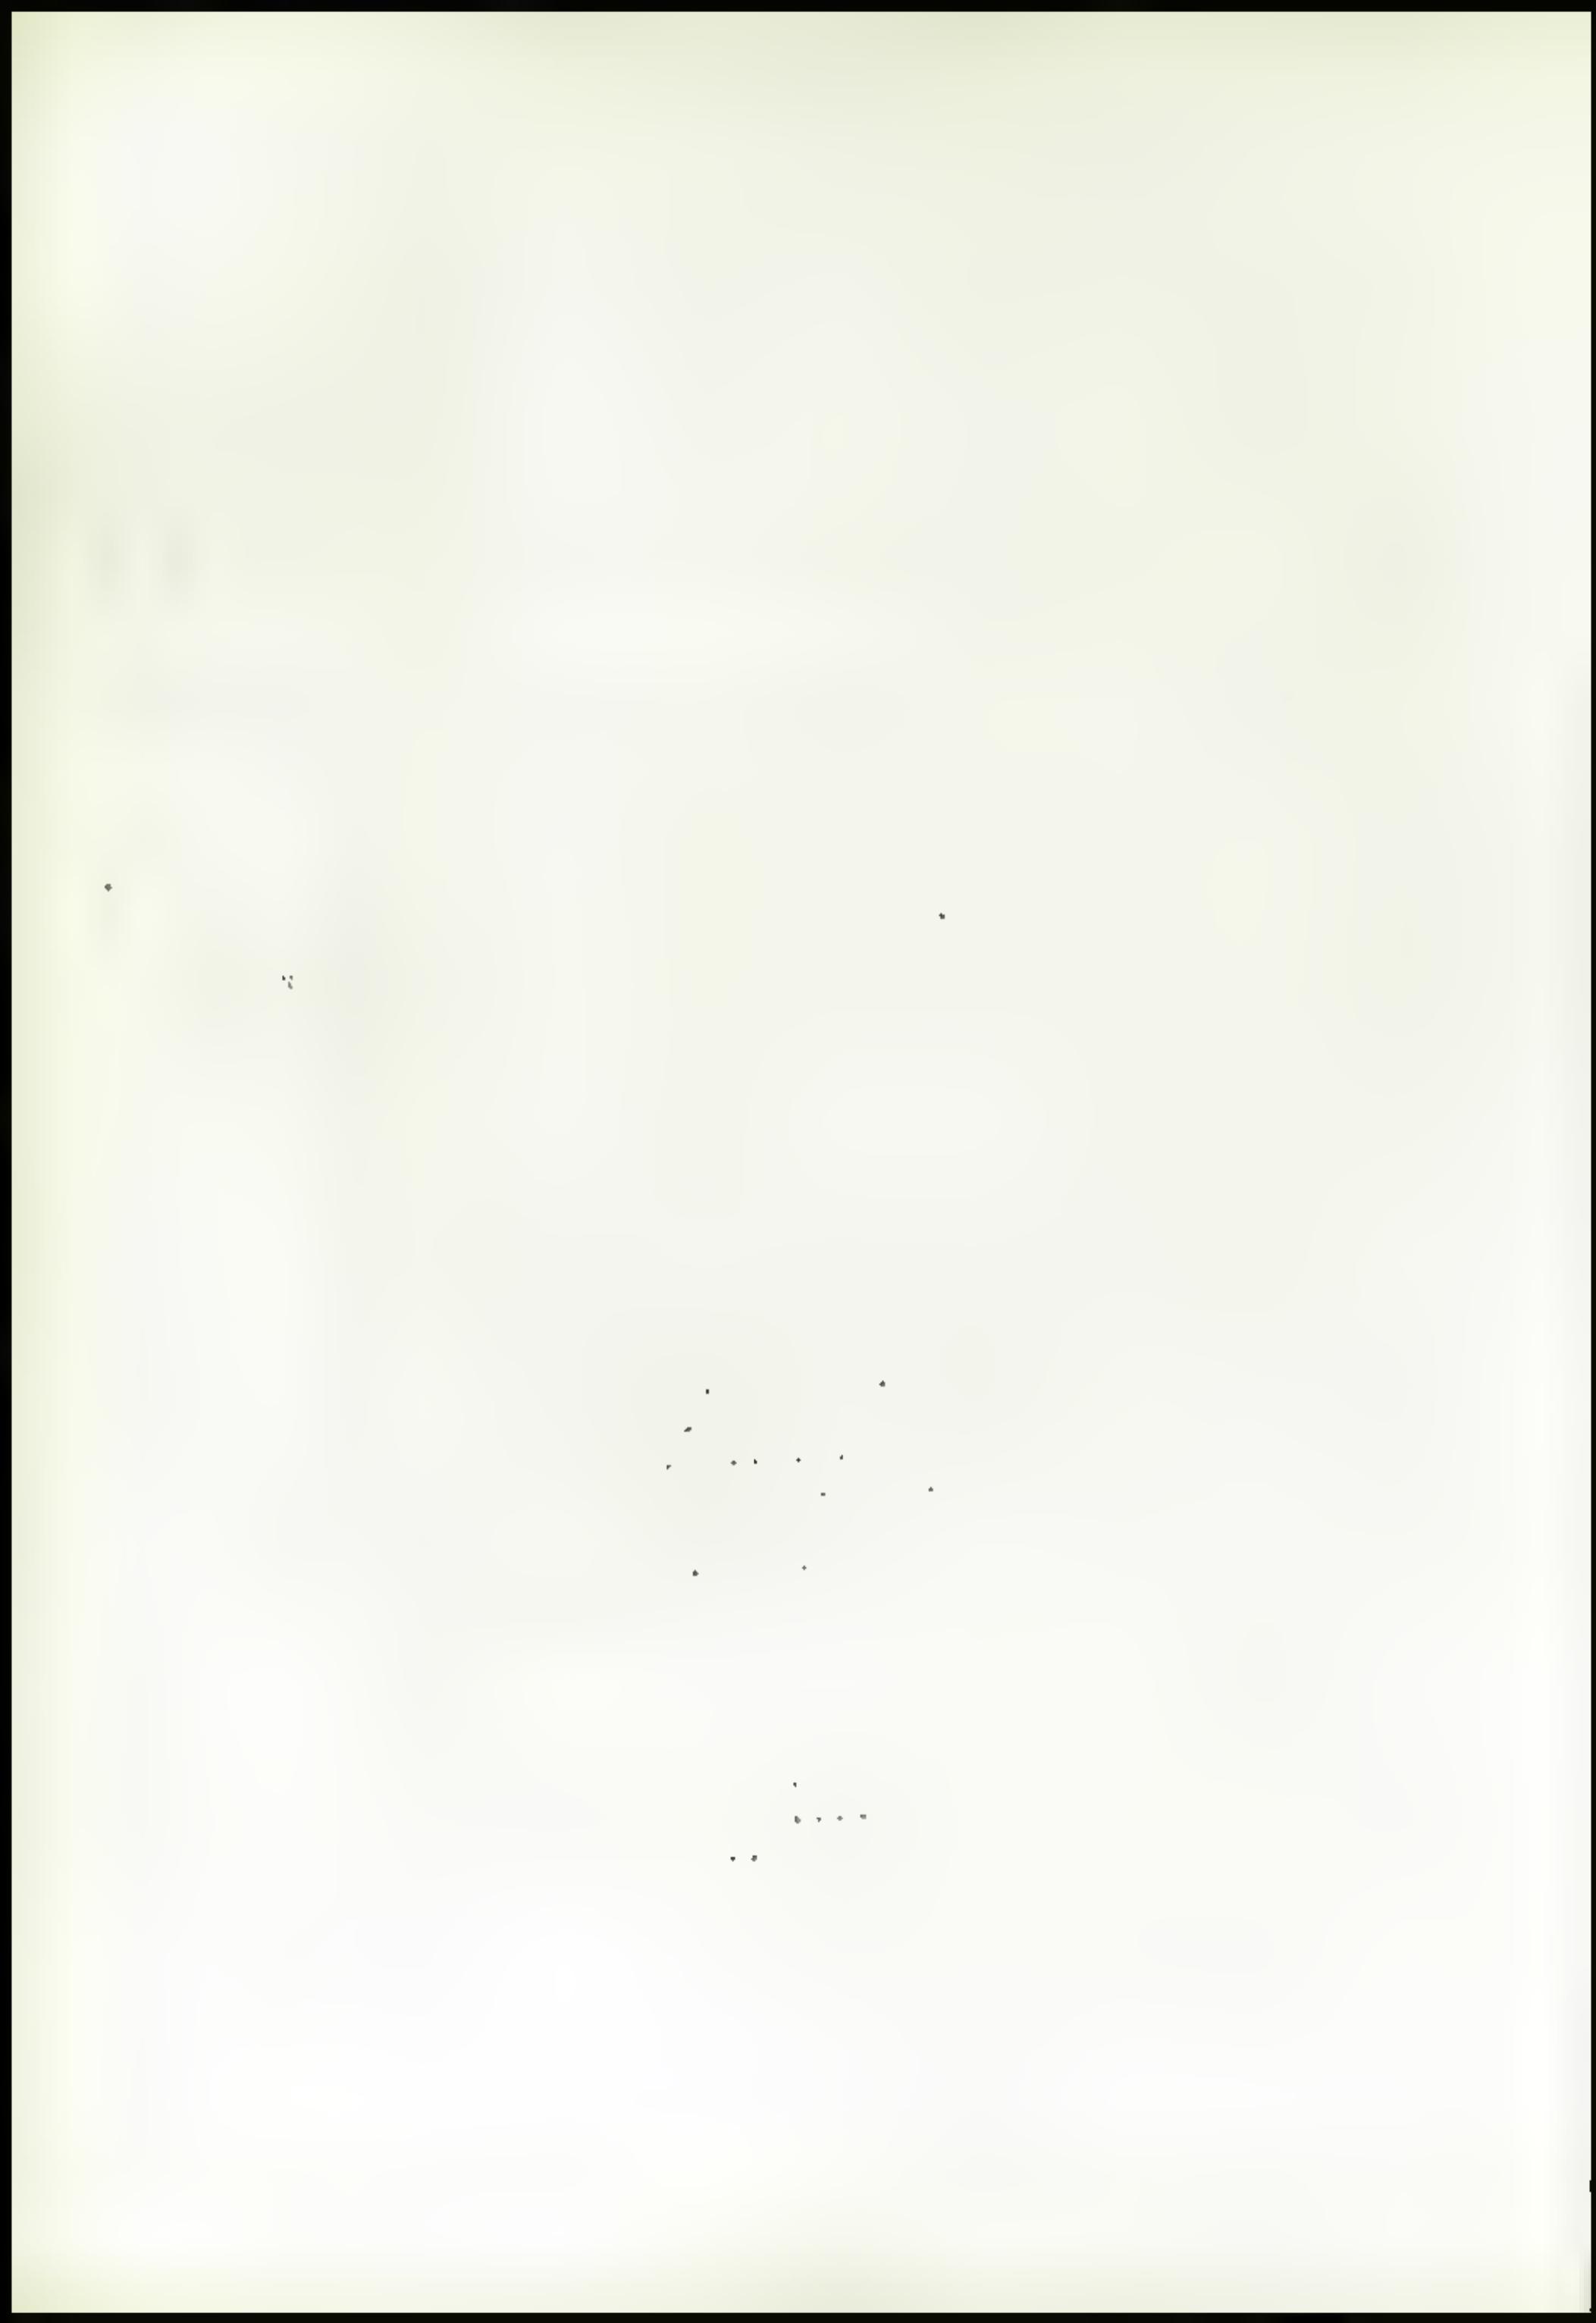

Members on the squad this year were: Charlotte Carpenter, Anna Mc Cline, Joyce Crockett, Shirley Dowdell, Alice Will, Sonja Hill and Jannie Johnson.

Plane City on their court. After losing to the El. the City
Pir. 1st, they lose to the Weston court. Neither
one of these 2nd was conference wins. The 3rd in the
Tenths at 8th conference tournament High's 1st at El. the
City. After being defeated by El. the City in 2nd on the
tenths out of the tournament.

This was very exciting this year, but it was thrilling me from the time I started Smithville, and I am very grateful.

The boys closed the basketball season by playing their last conference game with Plant City, Florida. Unfortunately, many of the boys were unable to play, but they won the game 100-81.

Although the boys I built on visitors, they should not
move out for a minimum of next year. I believe the
two this year were Donald Hill, 17, and John
Johnson, 16, visitors.

SPORTS ROUNDUP

Seventy students who took active part in sports such as basketball, track, and football, and also members of the faculty, attended a sports roundup held on April 11, 1953. A wonderful meal of ham, potato salad, gravy, baked beans, coffee, tea, icecream, and cookies were enjoyed, and all agreed that the work of training for sports was well worth it. After the meal a movie was shown about conservation and industry in Missouri. The movie that originally was to be shown, "The University of Missouri and Maryland Football Game," did not arrive in time, but was shown during noon hour at a later date. Coach Finner, the master of ceremonies, gave a few comments on this year's football and basketball season.

Also Patsy Cox and Elaine Russell received a II rating, and Rosemary Plummer played a piano solo receiving a II rating at Maryville.

Music was presented by the chorus and band with each number acted out on the stage. Some of the musical compositions played by the concert band were "Selection March", "George Gershwin Selection" and "Strike up the Band". Vocal selections included "Blue Tail Fly", "You'll Never Walk Alone", "Dry Bon's", "Si Tocadero" and "Battle Hymn of the Republic". Bill out-smarts the Squire, saves Ma Chapman rich, and regains Lottie's fond affection as well as the general public's respect.
